Units of Measurement and Conversion Factors

**FEDERATION OF CORRUGATED BOX
MANUFACTURERS OF INDIA**

FOREWORD

Units of Measurement are important to understand, estimate and communicate.

Over the years, the units have undergone changes *from inch to mm; from lb to kg, etc.*

This FCBM Technical Information Booklet is a ready reference book with conversion factors to enable the reader to convert units from one to another.

I do hope the readers will find this booklet an useful ready reckoner.

I, on behalf of FCBM, congratulate the R&D Committee headed by Shri Ram Kumar Sunkara for the excellent work.

Manohar Shetty
President
Federation of Corrugated Box
Manufacturers of India
